## Blue + green

Do we hear you say “retro overdose”? Well, the trick to making this combi work is to pair a cool shade with a warm.

Apply an olive green like Estée Lauder Pure Color Eyeshadow in Emerald Star, \$36, over the entire eyelid and the lower lash line.

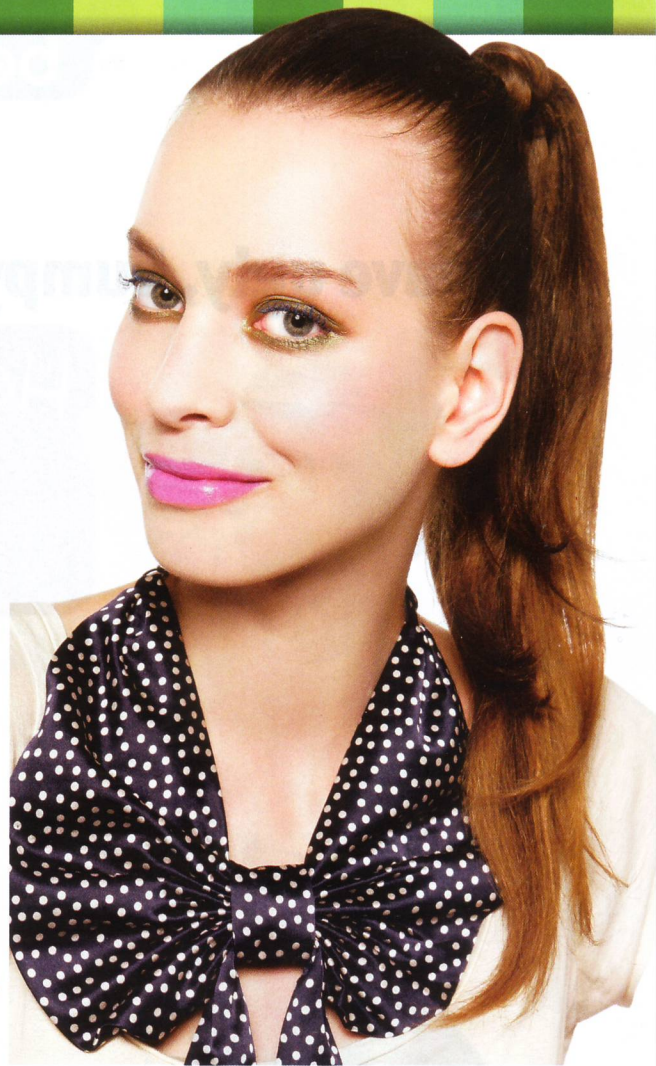

Coat lashes with Za Wide Eyes Mascara in Blue, \$15.90. In this case, cobalt blue provides a striking oomph to the warm, flattering olive green shade.

MAKE UP STORE MASCARA IN GREEN, \$47

SHISEIDO LUMINIZING SATIN EYE COLOR TRIO IN GD 804, \$51

## Purple + orange

It may sound like an ideal combination for a superhero costume but when used on your eyes, these two shades form an electrifying duo. Purple adds richness while orange provides a youthful sparkle. Go for a colour-block effect instead of a gentle gradient.

Divide your lid area diagonally into half. Colour the half that ends at the brow bone in LA Splash Eye Sparkle in Shrimp Cocktail, \$17.90.

Colour the half closer to the lashline with Make Up Store Microshadow in Dita, \$26. Extend the shadow slightly beyond the corner of the eyes to form a block.
